# ABOUT SEAMAID

SEAMAID is today one of the most reputable companies and one of the leading importers/distributors of frozen Asian food items for the Northern European market. In 1986 Bjarne Agergaard (the founder of SEAMAID) began to import frozen food in a new frozen department at BK-FOOD A/S.

The first product was frozen salmon from North America and cold water shrimps from Iceland and Faroe Islands. Later on followed products in a large scale from South America and South-East Asia.

In 2002 the frozen department was transformed into an independent Company named SEAMAID A/S as you know today.

## OUR VISION

To build long-lasting relationships with our customers by delivering seafood products that not only meet but also adapt to their unique needs and preferences ensuring quality, sustainability, and trust in every interaction.

## OUR MISSION

At SEAMAID, our mission is to combine expertise, innovation, and commitment to deliver premium seafood products. We strive to be the trusted partner by offering tailored solutions, ensuring exceptional quality, and supporting the long-term success of our customers.
